Article I. BASIC AKA RULES

a)

Section I.01 COMPETITOR

I.

Each competitor must present him/herself to the referee suitably attired with proper uniform and equipment and physically prepared to compete. If he/she is not prepared to compete as deemed by the center official, the competitor may be penalized. Refer to **Sparring Penalties – Delay of time** or **Delay of Time - Forms and Weapons Penalties - Delay of Time**.

Section I.02 COMPETITOR RESPONSIBILITIES

II.

It is the responsibility of the competitor to know the rules and be ready for competition when called to do so. He/she must be suitably attired, weighed-in and at the appropriate ring when competition begins. Three calls will be made for competition at ringside. If the competitor is not checked in and ready to compete when competition begins, he/she will not be able to compete (see delay of time rule). If a competitor is checked in and leaves the ring after the competition begins and is not present when his/her name is called to compete, they will be disqualified*. (See delay of time rule in penalty section of Sparring or Forms and Weapons).

**=The only exception is if the competitor was checked in by a third party because they were competing in another division when current division has started*

Section I.03 LEGAL AGE RULE

III.

All competitors have the option of competing in the same division all year long for rating purposes, by establishing a legal competition age for the year. The age a competitor is on June 30th of the current competition year is their legal competition age for that year. They can compete all year at that age, so he/she can earn rating points in one age division all year. A competitor can always compete in his/her chronological age if they chose.

Section I.04 PROOF OF AGE RULE

IV.

All competitors must have a proof of age document. If there is a legitimate reason to question a competitor's age, he/she must present a proof of age (birth certificate, driver's license, or other acceptable documents) to prove his/her age.

Section I.05 RANK RULE

V.

A competitor can never compete in a lower rank division than the level of belt he/she has earned in the Martial Arts. If a competitor has achieved and advance belt rank in one art but is currently a novice rank in a current art, they must compete at an advanced rank. A competitor may compete in a higher belt division, however, once that has happened, the competitor must continue to compete at that rank level going forward.

The ONLY exception to this rule is if a person competes in a higher rank division as an exhibition match.

VI.

Section I.06 LATE ENTRIES

VII.

Late Entry Definition: a competitor arrives at the ring after the last call for the division has been made, the shuffle has been made, the order of competition has been determined and the 1st competitor has not started.

If a competitor arrives late, he/she must compete first.

Once a division has started (the first competitor has started his/her form/weapon routine, or the first divisional sparring match has started) no competitor/s can be added to that division. **BE ON TIME!**

Section I.07 WEIGHING-IN

VIII.

It is mandatory for all competitors – who are in weighed divisions – to weigh in before competition. Only one official weigh-in is required. All competitors must compete in his/her weight division. A competitor cannot compete up or down in another weight division for which he/she has not made the proper weight. It is the responsibility of the tournament personnel to weigh and properly record the competitor's weight. If a competitor is caught falsifying their weight, they will be disqualified.

If a competitor fails to weigh-in, prior to their division being called for competition to start, he/she is subject to the Delay of Time Penalty. It is the responsibility of the competitor to be officially weighed-in prior to their division.

Section I.08 RING REQUIREMENTS

IX.

The size of the fighting and forms adult black belt rings shall be approximately 20' x 20'.

- a) Starting lines should be marked approximately six feet apart in the middle of the ring.
- b) Additionally, each ring should be posted with a ring number visible to competitors, officials, and medical personnel from across the floor.
- c) All youth and under black belt adult rings can be a minimum of 16' to a maximum of 20'.

Section I.09 DIVISIONAL, TOURNAMENT, AND ORGANIZATIONAL DISQUALIFICATION

These disqualifications go from least severe to the most severe. The severity of the infraction is the basis of which disqualification is warranted. What is warranted is voted upon by the AKA Board of Directors. **Play by the rules and always show good sportsmanship!**

Section I.10 SPLITTING A DIVISION

Any division that has 16 or more competitors will be split into 2 divisions.

- a) In the Forms and Weapons division, run each group(s) and take the 1st thru 4th place competitors to go to the next round, where 8 competitors will compete for places 1 thru 8.
- b) In Sparring division, run each group and take the 1st and 2nd place competitors to go to the next round, where 4 competitors will compete for places 1st thru 4th.

Article II. EQUIPMENT AND UNIFORMS

b)

Section II.01 UNIFORM

I.

All competitors must wear a complete (top and bottom) traditional or professional sport karate (Kung Fu, Tae Kwon Do, etc.) uniform in a good state of repair. The appropriate color belt or sash must be worn in competition.

- a) **Sparring:** All sparring uniforms must have sleeves that reach at least to the middle of the biceps. No T-shirts, sweats, tank tops, Ringstars, or unapproved shoes are allowed in the sparring divisions (see sparring foot pads).
- b) **Forms & Weapons:** T-shirts, and tank are allowed in forms if they are part of the competitor's official school uniform and has the school's logo on it. Uniforms in the forms and weapons divisions are allowed more liberties because a form routine is not one-on-one competition where the uniform could cause a decisive disadvantage or advantage to a competitor. Removal of the uniform top is allowed if the removal is considered relevant to the artistic expression or safety of the competitor. Shoes may be worn in forms competition if they do not damage or mark the competition floor.

Section II.02 REQUIRED AND RECOMMENDED SAFETY EQUIPMENT

II.

The following equipment is mandatory for all competitors in the sparring division, headgear, hand and foot pads, mouthpieces, and groin cups (for male competitors only).

The competitor's equipment will be checked and if it is deemed unsafe or does not fit properly, he/she will be asked to change the equipment before he/she can compete. Insufficiently padded gloves, foot, chest, and head gear will not be allowed. Equipment must be in a good state of repair and must be free of heavy taping, tears or any other repairs that may cause injury.

If a competitor is missing required equipment or the equipment does not meet AKA requirements, as it is deemed unsafe, prior to their division being called for competition, he/she is subject to the Delay of Time Penalty and may be disqualified, it is the responsibility of the competitors to have the proper equipment.

The tournament's official rules arbitrator ultimately determines the approval or denial of the equipment.

- a) **Hand Pads:** A soft padded surface must cover the fingers, wrist, and any striking surface of the hand.

- b) **Foot Pads:** A soft padded surface must cover the instep, sides, toes, ankle and back of the heel of the foot. The bottom of the foot does not have to be padded. Hard bottoms, like found on Ringstars, **are NOT Allowed**.
- c) **Head Gear:** The front, sides, and back of the head must be covered by a soft padded surface. In addition to the head gear, a face shield is optional for all competitors 17 yrs. & under.
- d) **Chest Guard (Optional).** The chest guard must sufficiently cover the abdomen and upper chest such that the sternum is completely protected. Rib guards that cover only the abdomen area are not approved chest guards. Rib/chest guards are highly recommended for additional safety to all sparring competitors.
- e) **Mouthpiece:** A properly fitted mouthpiece is required.

Article III. OFFICIALS

c)

Section III.01 ROLES AND RESPONSIBILITIES

I.

Each ring should have **a Center Official**, two to four **Judges**, and a **Timekeeper/Scorekeeper**.

- e) The **Judges** call points and rule infractions as they see them. They also vote on disqualifications. The Center Official also calls points and rules infractions but is also in complete control of the ring and ring personnel. It is also the judge's responsibility to assist the Center Official when:
 - I. A competitor is requesting a time out.
 - II. A coach or competitor rep is requesting a Protect / Arbitration
 - III. Competitor is injured.
 - IV. A coach leaves their Coaching Chair.
 - V. Check competitors for proper equipment (Split gloves, foot gear, mouthpiece, check protector, cup, etc...)
- f) The **Center Official** make all final decisions on penalty points and warnings (except for disqualifications) but can consult judges before making their decisions.
- g) The majority vote of the judges and referee determines a scoring point and/or a competitor's disqualification.

Section III.02 CENTER REFEREE (CENTER OFFICIAL)

I.

The Center Official is selected on his/ her experience and knowledge of the rules and is thoroughly versed in the rules and order of competition. He/she promotes the safety of the competitors, enforces the rules, and ensures fair play. To this end, the Center Official:

- a) Starts and stops the match.
- b) Award points.
- c) Makes penalty decisions.
- d) Administrates the voting of the other judges.
- e) Communicates clearly with the scorekeeper and timekeeper.
- f) Announces the winner of each match.

Section III.03 ADDED RESPONSIBILITIES TO THE CENTER OFFICIAL:

The Center Official also maintains responsibility for the following:

- a) Match starts and ends only with his/her command (not the command of the timekeeper)

- b) Has final decision on any disputes on score.
- c) Has the power to issue warnings and award penalty points without a majority decision.
- d) Can overrule a majority call only to issue a warning or a penalty point.
- e) Automatically has the power to disqualify a competitor who receives (3) penalty points.
- f) Has the power to issue time-outs. A competitor can ask for a time-out, but it is the determination of the center official to issue one.

NOTE – The disqualification of a competitor, where disqualification is not automatic, is determined only by a majority vote of the judges.

Section III.04 NUMBER OF OFFICIALS

II.

2 or 4 AKA judges and one AKA center official are recommended in all weapons, forms, and sparring divisions. If only two judges and one center official are used in the weapon and form divisions, the Maximum Deviation Rule (See Article VII) will be used in all form and weapon divisions. If 5 judges are used, then the highest and lowest score will be deleted from the final score. The Deviation Rule will not be in effect with 5 judges.

III.

Section III.05 CALLS AN OFFICIAL MAY MAKE

When the referee believes there has been a significant exchange of techniques, or when signaled to do so by a corner a judge, he/she shall call out the word, "STOP!" in a loud voice. The referee **shall wait until the competitor's return to their starting marks** and addresses the judges by saying "JUDGES CALL!" All judges and the center referee cast their votes simultaneously and assertively in the following manner.

- a) **Judge Sees a Point** – He/she should hold up both colors, or hold up one arm, if colors are not being used. At the same time, he/she yells out the word "CALL!" in a loud, clear voice to let the referee know he/she has a call.
- b) **Point Calling** – When signaled by the referee (referee says the competitor who scores the point. If a competitor scores a two-point kick, the officials should hold up or point with two fingers (index and middle fingers). If only one point is being called, the "Judges Call" in a loud clear voice) a judge raises the appropriate color (red or white usually) if colors are being used or points to judge should point with only one finger (Index finger).
- c) **No Point Scored** – An official crosses his/her wrist at waist level or holds both colors down to indicate that he/she believes that a point was not scored.
- d) **Did Not See If a Point Was Scored** – The officials hold his/her hand over his/her eyes indicating that he/she could not see whether a point was scored or not. Indicates the official was not in the position to see if a point scored. (When using this signal, it has the same effect as saying "no point", but it indicates to the referee, competitors, and fans the reason why you are not calling the point).
- e) **Clash** – Officials make a motion as though they are hitting both fists together, indicating that both competitors scored at the same time.
- f) **Penalty** – The judge waves the color of the offending competitor in a circular motion. If no colors are used the judge waves the hand and arm in a circular motion while pointing at the offending competitor.
- g) **Disqualification** – A disqualification vote is taken separately from any other vote. When a disqualification vote is asked for, the center official will say, "JUDGES CALL". The judges will then hold the color or point to the competitor who is to be disqualified. If the judge does not feel the competitor should be disqualified, he/she crosses his/her wrist or holds both colors down at waist level.

Section III.06 LATE CALLS

IV.

All officials should make their calls at the same time. If, in the opinion of the center official, the corner judges are making a late call intentionally, the center official can disqualify the call and/or judge (noise not allowing the judges to hear the referee and the honest mistake of raising the wrong color or pointing at the wrong competitor should be taken into consideration not to disqualify the call or judge).

If the center official has ruled a judge's call was late and therefore not considered, arbitration cannot be requested.

Article IV. PROTESTS

The protest procedure is the same for both forms and fighting divisions. However, during forms competition, a Coach / Representatives (Rep) does not have to be designated to the ring's Center Official in advance, and the protest flags will remain on the scorekeeper's table unless a Player Representative intends to immediately lodge a protest.

Although there is a designated manner through which an Arbitrator may be brought in by the Center Official to make the decision, on a protest, it is presumed this will be a rare exception. Center Officials are chosen for their experience, knowledge of the rules and competition procedures, and skills of authority and diplomacy. In the great majority of circumstances, Center Officials will be fully qualified to make protest decisions and should do so without delay.

Section IV.01 WHO MAY LODGE A PROTEST

Prior to each sparring match or forms/weapons division, each player may assign a Coach, as their Rep, who can lodge a protest for them before, during, or after the competition. If a player does not designate a Player Rep, that player will act as his own representative. Only the Player Rep or the players themselves may lodge protests. A Coach may not change during forms or weapons division. If a Coach leaves his Coaching chair, his player will serve as his own representative until the Coach returns.

Section IV.02 MATTERS THAT MAY BE PROTESTED

Protests may be lodged only upon the following grounds:

- a) If the protest is lodged immediately **before** the match begins:
 - I. The composition of the judges, based only upon a fact-based conflict of interest. For example, coaches or team members of a competitor.
 - II. An improper matching of competitors according to the scorekeeper's bracket sheet.

Protests above that are not made before the match or forms division begins are deemed waived.

- b) If the protest is lodged during the match:
 - I. An improper application of the rules by an official or Player Representative.
 - II. An injury to a player not noticed by the Center Official.
 - III. A fact-based concern that the score, as posted, by the scorekeeper is incorrect.

Protests above that are not made before the next action segment of a match or before the next form is run, are deemed waived.

- c) If the protest is lodged after the match end, before the next match/form's competitor begins, or prior to the awards.
 - I. An improper application of the rules by an official or Player Representative during the last activity segment of the match.
 - II. A fact-based concern that the final score as posted by the scorekeeper is incorrect.

Protests above that are not made immediately after a match or form ends and before the next match or form begins are deemed waived.

"Fact-based" as used above means that the protest will be ruled invalid unless there are facts, as opposed to opinions or beliefs, presented to support the protesting party's position. E.g.,

- a) Judge #2 never scores my player very high or rarely calls his/her points is an invalid protest and will be penalized for delay of the contest. "
- b) Judge #2 has been suspended by AKA and therefore cannot judge in this division is a fact-based protest that will be investigated and ruled upon.

LOGGING A PROTEST:

- a) In Forms and Weapons, the Player Reps must stay out of bounds on the side of the ring behind the player that they represent at all times during a match.
- b) No protest may be lodged by a Player Rep who is out of position.
- c) A Player Rep may lodge a protest immediately before, during, or immediately after a match is over, by raising their hand and announcing the single word "Conference!" loudly and clearly, directed only toward the Center Official of the ring.
- d) This will be the only communication at that time; the Player Rep will not state his protest, nor communicate anything else to any officials until the actual protest conference begins.
- e) The Center Official will stop the running time, and then ask both Player Reps to move to the scorekeeper's table for the conference.
- f) Protests may only be lodged during a sparring match when the Center Official has brought both players to their starting positions for point calls or any other reason.
- g) Protests may not be lodged during the running of a form, but only before or after the form has been run.
- h) If a player acts as his own representative, he will lodge a protest by raising his hand before the next action segment of the sparring match begins, or before the next form is run, and announcing "Conference!" clearly to the Center Official.

THE PROTEST CONFERENCE:

- a) The only parties present in the protest conference will be the Player Reps (competitor if acting as their Rep) and the Center Official, unless other persons are specifically requested by the Center Official to be present. If, requested, the Center Official will include an Arbitrator.
- b) During the conference, the protesting Player Rep will state the grounds of his protest only to the Center Official, in a calm respectful manner, with a 60-second time limit.
- c) The Center Official will then allow the other Player Rep to respond to the protest, again addressing the Center Official only, with a 60-second time limit.
- d) The Center Official may enlarge these time limits at his discretion.

- e) The Center Official may then at his sole discretion consult with the other officials in the ring, the players, an Arbitrator, or any other persons; and may examine the rulebook, score sheets, players and their equipment, or any other items that he believes necessary to assist him in his decision.
- f) The Center Official will then make his decision within a reasonable time period, and the match or the division will resume.

Section IV.03 REMOVAL OF OFFICIALS

If a competitor feels that an official should be removed from a form or weapon division for good reason, he/she must file a protest before the division begins. If a competitor feels that an official should be removed from a sparring division, he/she may file a protest at any time. It is totally up to the center official and the rules arbitrator to determine if an official should be removed. **The Head Rules Arbitrator will make the final determination if there is "Good Reason" to remove the judge.**

Section IV.04 PROTEST PENALTIES

If the protest does not clearly fit into one of the above categories, the protest will be ruled "invalid" and will not be heard or decided upon, all parties will return to their positions,

The player on whose behalf the protest conference was requested, will be penalized a penalty point for Delay of Contest. A .01, per judge, deduction from that player's final score will be assessed in forms divisions. With a 1-point deduction for sparring.

Any protests lodged on the grounds of disagreement with the judgment of the officials will be immediately ruled invalid, will not be heard, and will result in penalization of the player on whose behalf the protest was lodged.

A Center Official may also rule, as invalid, any protest that would be otherwise valid, but the Center Official has a sound basis, to believe, it is in bad faith; i.e., for the purpose of disruption or to delay.

Upon such ruling, the Center Official will penalize the player on whose behalf the protest was lodged, for delay of the contest.

The Center Official **may continue** to penalize the player requesting the protest, if the competitor, their team, or coach/player rep continues to protest after a decision has been ruled by the lead arbitrator. Deduction includes:

- a) A .01 per judge, deduction from that player's final score will be assessed in forms
- b) In sparring, a 1-point penalty will be awarded to the protesting competitor's opponent.

Article V. SPARRING

h)

Section V.01 ORDER OF COMPETITION

Once the final call for the sparring division is made at ringside the division is ready to be set up. Competitors will check in with the timekeeper/scorekeeper.

- a) Competitors / Teams cannot pick whom they want or do not want to fight.
- b) Matches are always selected by random shuffle.
- c) Allowances may be given to competitors from the same school or team that are matched up in the **first round** of competition. They may be separated randomly from each other in the first round, if possible.

Section V.02LENGTH OF MATCH – DIVISION / INDIVIDUAL

II.

For black belts, the length of a match will be two minutes running time or first to seven points before time has expired. For under belts, the length of a match will be two minutes running time or first to 5 points before time has expired. All team matches are 90 seconds running time per player.

- a) If a match is tied at the end of two minutes, a sudden victory (first person to score a point) overtime period will determine the winner.
- b) At the 1 minute 45 second mark of a sparring match, the timekeeper will shout out "FIFTEEN SECONDS".
- c) Grand Championship matches are 1 two-minute round, but a competitor must win by 2 points.

Section V.03WHAT IS A SPARRING POINT?

III.

A point is a sport karate technique that is scored by a competitor in-bounds and up-right (not considered down) without time being called that strikes a competitor with the allowable amount of **focused touch, contact**, and **focused control** to a legal target area.

- a) **Focused Touch Contact:** the legal amount of contact allowed to certain scoring areas.
- b) **Focused Control:** an amount of controlled force that would have incapacitated the opponent, at least momentarily, **if the technique had not been controlled.**

Therefore, only sport karate techniques that would have incapacitated the opponent, at least momentarily, if the technique had not been controlled, are considered points. (Ex. A front hand to the body that **does not have "focused control"** is not considered a proper sport karate scoring technique.)

Any contact that incapacitated the opponent, i.e. Knockout's, causes a concussion, or the opponent cannot continue, will be deemed as Hard Contact and will be a penalty / illegal technique, unless it is a **No-Fault** contact.

Section V.04NO-FAULT CONTACT

Unintentional contact can occur, that injures a competitor, which can be classified as no-fault on any competitor part. It will be a major of judges vote to ascertain if the penalty was a penalty or if one or both unintentionally competitors caused the injuries. The injury can be declared No-Fault, by the majority vote of judges.

Section V.05GENERAL RULES

i.

- a) All regular AKA **Light** touch point calling rules will apply.
- b) Intentional falling, going out of bounds or excessive running around the ring (as determined by the head official) will be considered an attempt to avoid competition and the other competitor will be awarded a point.
- c) A competitor is considered out of bound when they have one foot off the sparring area (mat).

- d) If a competitor goes out of bounds while the other competitor is kicking or punching, near the competitor WITHOUT touching the competitor, the competitor will be considered leaving the sparring area to avoid competition and the other competitor will receive a point. To not be penalized, a fighter must stay engaged in the match if he/she goes out of bounds.
- e) If the out-of-bound competitor is scored on, with a legal technique, before the center official calls STOP, then the in-bounds competitor can receive a score for the technique and the penalty point from the other competitor going out of bounds to avoid fighting.
- f) If a fighter touches the ground/mat with, with any part of their body, except their feet or 1 hand, they are considered down.
- g) A point cannot be scored on a down competitor and a downed competitor cannot score a point. If an upright competitor strikes a down competitor, they can be penalized.
- h) A competitor who leaves their feet while in-bounds, must land with at least one foot in-bounds to score a point.

Section V.06 CONSECUTIVE MATCHES

Any competitor who must engage in consecutive (back-to-back) matches have the option to receive a 1-minute rest between each match. The exception is in overall Grands where there is a one-minute rest period.

Section V.07 DOWNED COMPETITOR

A competitor is considered down when they have any part of their body touching the sparring surface or outside the sparring surface except the bottom of their feet or 1 hand.

If an upright competitor strikes a downed competitor, the upright competitor can be penalized.

A downed competitor can be penalized, if they strike an upright competitor or it is determined that they are falling on purpose to avoid the match.

Section V.08 POINT VALUES AND WINNER DETERMINATION

- a) All legal hand techniques that score will be awarded one (1) point.
- b) All legal kicking techniques that score will be awarded two (2) points.
- c) All penalty points will be awarded one (1) point or more points.
- d) In Black Belt team fighting, each opening round is a 10-point spread. The last round is total points.
- e) All Black Belt Grand Championship matches are 2 minutes, competitors must win by two points.

Section V.09 MAJORITY OF VOTES

Points are awarded by a majority vote of all judges. The majority of judges do not have to agree on the same technique being scored, only that a point was scored. A majority of the judges calling the point must call a two (2)-point kick before two points can be awarded. Otherwise, only one point is awarded.

Section V.10 LEGAL, ILLEGAL, AND NON-TARGET AREAS

- a) **Legal Target Areas:** Entire head and face (black belts only), ribs, chest, abdomen, collarbone, and kidneys.
- b) **Illegal Target Areas:** Spine, back of neck, throat, sides of the neck, groin, legs, knees, and back.
- c) **Non-Target Areas:** Hips, shoulders, buttocks, arms, and feet.

Section V.11 LEGAL & ILLEGAL TECHNIQUES

V.

- a) **LEGAL TECHNIQUES** are all controlled sport karate techniques, except those listed as illegal.
- b) **ILLEGAL TECHNIQUES:** Head butts, hair pulls, bites, scratches, elbows, knees, eye attacks of any kind, take downs on a hard surface floor, ground fighting, any stomps, or kicks to the head of a downed competitor, slapping, grabbing for more than one second, uncontrolled blind techniques, any uncontrolled throws, takedowns or sweeps and any other uncontrolled dangerous techniques that are deemed unsafe in sport karate.

Section V.12 GRABBING

VI.

A competitor may grab the uniform top of his/her opponent in an attempt to score with a sport karate technique for only one second (immediately), after which time he/she must release the uniform. Likewise, the uniform pants may be grabbed for one second to an upright opponent in an attempt to score.

Section V.13 SWEEPS, TAKEDOWNS, AND GROUND FIGHTING

VII.

Sweeps are not meant to take down an opponent, but only to obstruct the balance so as to follow up with a sport karate technique and can only be executed to the back of the **front leg at mid-calf or below**.

- a) A sweep must be deemed a proper sweep and not a kick, to be legal.
- b) Controlled Takedowns and sweeps that are meant to take down an opponent are not allowed.
- c) A point is awarded only when the legal sweep or takedown is followed up effectively legally and **immediately** with an appropriate sport karate technique.

Section V.14 LIGHT TOUCH CONTACT

VIII.

Light Touch Contact means there is no penetration or visible movement of the competitor because of the contact. A light touch is required to all legal target areas in all black belt sparring divisions. The face shield of a headgear along with the headgear is a legal target area.

Section V.15 MODERATE TOUCH CONTACT

Moderate Touch Contact is defined as slight penetration or slight target movement. Moderate touch contact may be made to all legal target areas except the headgear, face shield, and face.

Section V.16 OUT-OF-BOUNDS

IX.

A competitor is out-of-bounds as soon as he/she does not have both feet touching inside or on the boundary line. An out of bounds competitor cannot score a point while out of bounds. In bounds competitor, can score on an out of bounds competitor if the center referee has not called stop.

Section V.17 SPARRING WARNINGS AND PENALTIES

X.

XI.

- a) **NO WARNINGS are issued in AKA Black Belt Sparring.** Penalty points are issued immediately for breaking the rules.
- b) In **Under Black Belts** one (1) warning may be issued

- c) A competitor cannot be penalized and still receive a point on the same call.
A competitor can receive a point for a proper technique and another point from a penalty call against his/her competitor.
- d) If, in the opinion of the medical personnel, a competitor cannot continue because of an injury caused by an illegal penalized attack, executed by the opponent, the offending competitor shall be automatically disqualified.
- e) The injured competitor cannot continue to compete.
- f) A penalty point(s) will be issued if a competitor, as determined by the center official:
- I. *Missing or improper equipment*
 - II. *Goes out of bounds to avoid competition.*
 - III. *Falling to avoid competition.*
 - IV. *Runs around the ring to avoid competition.*
 - V. *Stalling and/or not attempting to engage the other competitor.*
 - VI. *Excessive contact, as deemed by the center official.*
 - VII. *Pushing a competitor out of bound, as deemed by the center official.*
 - VIII. *Attacking illegal and non-target areas*
 - IX. *Using illegal techniques*
 - X. *Blind, negligent, or reckless attacks*
 - XI. *Uncontrolled techniques*
 - XII. *Unsportsmanlike behavior by the competitor, his/her coaches, friends, etc.*
 - XIII. *If a coach(s) and/or team member(s) enters the ring, during a match.*
 - XIV. *A competitor arrives at the ring without the proper equipment.*
 - XV. *A sparring match is ready to start, and the competitor is delaying his / her entry into the ring.*
 - XVI. *Competitor refuses to leave the immediate sparring area an additional penalty point may be issued.*
 - XVII. *Late strikes after call to stop.*
 - XVIII. *Retaliation strike from a competitor*
 - XIX. *Competitor's equipment is incorrectly fitted **or improperly secured and** continues to fall off or requires adjustment. This penalty will start on the 2nd occurrence of the equipment failure.*
 - XX. *At the discretion of the center official, a penalty point may be issued immediately, if the center official believes the competitor is delaying without a valid reason.*
 - XXI. *A penalty point will be issued for each minute the competitor is not properly ready to compete.*
 - XXII. *Delay of Time - Sparring*
 - XXIII. *A competitor purposely removes their equipment.*
 - XXIV. *A competitor, coach, or team member uses profanity.*
 - XXV. *More than 1 coach or maximum team members are represented at start of a match.*
 - XXVI. *Punching a downed competitor in the head or face*
 - XXVII. *Kicking a downed competitor, to the body, will result in a 2-point penalty or a disqualification for kicking the downed competitor in the head or face. Disqualification required a majority vote.*
 - XXVIII. *A downed competitor kicks an upright competitor to the body.*
 - XXIX. *A downed competitor kicks an upright competitor will result in a 2-point penalty or a disqualification for kicking the upright competitor in the head or face. Disqualification required a majority vote.*
 - XXX. *A one (1) point, per minute, penalty if competitor fails to weigh-in prior to the division being called.*
 - XXXI. *Protest penalty – losing the protest.*
 - XXXII. *Continuing to protest, after decision has been made.*
 - XXXIII. *No competitor, team member or coach may make physical contact with officials.*

Once a competitor receives 3 penalty points, they are disqualified.

If a penalty is called on one or both competitors, the penalty point(s) **must be issued** to the competitor(s). This ensures the penalties are counted to determine an automatic disqualification. For example, both competitors continue to spar after STOP is called. The Center Official calls a penalty on both competitors, a one-point penalty should be issued to both competitors.

Section V.18 OTHER CAUSES OF PENALIZATION

XII.

Any grabbing or pushing of an official may cause the competitor to be disqualified. Striking an official may cause the competitor, coaches(s) or team member(s) to be disqualified and suspended from future AKA events.

Section V.19 DISQUALIFICATION

XIII.

Requires a majority vote by all officials unless it is an automatic disqualification.

- a) **Non-Competing Penalty:** If in the majority opinion of the officials, it is considered that one or both competitors are not making an obvious attempt to compete in the sparring match in the true spirit of competition, one or both competitors will be penalized and if it continues, will be disqualified.
- b) **Wrong Division:** If any competitor competes in a division, he/she does not qualify to compete in due to age, weight, rank, gender, style, etc., he/she will be disqualified.
- c) **TEAM DISQUALIFICATION**
 - I. Loses all points they have earned in the match.
 - II. If during the final match, his/her team cannot win, the opposing team will be declared the winner.
 - III. Any competitor who injures a competitor with an illegal technique.
 - IV. Any competitor, team member, or coach who enters the sparring area, in the event an altercation happens, and accelerate the altercation / does not attempt to control their competitor, will be disqualified. (EXAMPLE – A fight between 2 competitors, if any the above enters the sparring area and throws a punch or kick, they will immediately be disqualified.)
 - V. If anyone refuses to leave, security will be called and a suspension and/or tournament disqualification (Tournament Disqualification is where the disqualified person(s) must leave the tournament site) would be given to that individual or individuals.
 - VI. If 2 or more members of any team, are disqualified in one match, the team is automatically disqualified and cannot continue.
 - VII. A disqualified competitor cannot be used in any remaining matches in a tournament team event.
 - VIII. In the event that a team sparring competitor continues to fight after the match is called to stop, it is the responsibility of the Center Official and Corner Judges to control the competitors. If a coach(s) and/or team member(s) come into the ring during this time and restrict the officials from following through on their responsibility of controlling the competitors, the team or teams can be disqualified, and possibly suspended from future AKA events.

Section V.20 COACHING

XIV.

The luxury of having a coach is something that most competitors do not have access to. Therefore, it sometimes can become an unfair advantage over a competitor who does not have a coach. The rules are made and enforced so no one competitor has an advantage or disadvantage over another competitor. Therefore, coaching is allowed but only under the following guidelines:

- a) A **Coach** is defined as anyone who is trying to help one competitor in any way. A coach could be but is not limited to a friend, parent, teammate, or an official coach. Competitors or teams may have a coach or coaches but only one **designated** coach at a time.
- b) Only the designated coach at the time of a protest and arbitration can speak on behalf of the player.
- c) Coaches may be changed from one fight to another but if a change is made the Center Official must be notified of the change for it to be **official**.
- d) The **designated** coach must stay seated in the designated coaching chair anytime a match is in progress.
- e) A coach may stand before a match is started, between rounds, during timeouts and once the sparring match is over.
- f) **Coaching Penalty:** If a coach leaves his/her chair, during a sparring match, a penalty point will be awarded to the opposing competitor/team for the first, second and third time it occurs. A flag or other tool will be provided, at the coach's chair, to throw into the ring to call for a judgment or protest. However, if the center official has ruled a judge's call was late and therefore not considered, arbitration cannot be requested. On the 3rd occurrence in any one round the coach and coach's competitor will be disqualified.
- g) Penalty points on coaches are issued on the coach's player. In team events, the penalty point does not continue to the next team member.
- h) Since the coach and player are considered the same as far as penalties go, if a player already has a penalty point and the coach receives 2 penalty points for standing, etc. the player is automatically disqualified because 3 penalty points were received in one round.
- i) Just like a player, coaches can be penalized or disqualified for unsportsmanlike behavior. If a coach is disqualified, they can be replaced.
- j) Never, at any time, can a coach enter the ring without the referee's permission.
- k) No abusive, violent, unsportsmanlike, or overzealous coaching.
- l) Coaches can never, at any time, interfere with the proper running of the ring or the decisions of the judges. The center official can issue a penalty to a competitor for each time his/her coach is interfering with a match or disrupting fair play between contestants. A referee can ask for a disqualification of a competitor but, requires a majority vote of all judges.
- m) If a coach's chair is provided, the coach must stay in the chair during the match. A coach's player can be penalized during a match if they leave the chair without permission of the head judge. The head judge determines the severity of the penalty base on the coach's conduct.

Section V.21 INJURED COMPETITOR

- a) The medic has the final determination if a competitor may **NOT** continue, with **NO** exceptions.
- b) Everyone except the medic, competitor, the center official and 1 coach will be removed from the immediate area to allow the medic to determine the extent of the injury.
- c) No one may discuss the injury with the medic, except the competitor. It is the responsibility of the center official to control the other/outside conversation and may issue a penalty if:
 - I. Team member(s) or coach(s) will not leave the immediate area
 - II. Attempts to discuss the competitors' injury or ability to continue, with the medic, unless the input is requested by the medic.
- d) If a medic determines a competition cannot continue; either immediately or in a post-injury review, the following steps are mandatory:
 - I. Competitor and Coach is informed the competitor cannot continue
 - II. Tournament Promoter and staff are notified competitor cannot continue and why
 - III. If an online system capability is available, competitor entry into other events, at the tournament is pulled or flagged / indicator in the system set. Once the indicator is set, the competitor cannot continue at the event or register for future events until the competitor has submitted documentation that has been cleared by a medical individual.
 - IV. If a manual system is being used, all rings, where the competitor can compete, must be notified the competitor is eligible to compete.
- e) A competitor is injured, not due to a penalty, they are allowed 4 minutes to determine if they can continue, the time starts immediately. The time may be extended two additional minutes once the medic reaches the competitor. It is the center official's responsibility to communicate with the medic and determine if additional time will be allowed. The center official must then inform the scorekeeper who is keeping up with the time of the delay. A medic can always request an extension time to properly determine if the competitor can continue. The maximum time that can be allocated to determine if a competitor can continue is 8 minutes.
- f) If it is determined the injured competitor cannot continue, due to a penalty, as determined by center referee and judges, the following applies.
 - a The uninjured competitor is **disqualified**.
 - b The injured competitor cannot continue to compete.
 - c If the match was for the 1st and 2nd place (or any Grand level), the uninjured will be declared the winner.
- g) If a competitor cannot continue because of an injury, where there is no penalty call, the uninjured competitor will be declared the winner.

Section V.22 EXCESSIVE INJURIES

On the third request for an injury timeout, the competitor will NOT be allowed to continue. The Referee and Judges will follow normal protocol to see if the injury was the results of an illegal technique.

Section V.23 TIME-OUT'S (Black Belts Only)

A request to stop the time can only be requested by the competitor in the ring. A coach may NOT request the timeout and can be penalized.

The center official, at their discretion, may allow a timeout or elect to disregard the request.

Article VI. SCORING RULES – FORMS AND WEAPONS

Section VI.01 MAXIMUM DEVIATION RULE

Since the high and low scores are not dropped when three officials are used in forms and weapons, the Maximum Deviation Rule (See Article VII) limits the impact of a single judge's score to control with his/her high or low score the outcome of placement. The judge's score that is between the other two judges scores (middle score) is considered the middle score. Once that score has been determined, the other two judges cannot be higher or lower than .02 points of that middle score, regardless of who holds the middle score. If their score is higher or lower than .02, they must adjust their score up or down accordingly to that .02 maximum deviation. See complete Maximum Deviation Rule (See Article VII) for more details.

Section VI.02 DELAY OF TIME PENALTY

A .01 point, per judge, will be deducted from the offending competitor's final score each minute the competitor is not ready to compete. If a competitor is still not ready to compete after 3 minutes, he/she will be disqualified.

Section VI.03 TIME LIMIT

Time starts with the competitor first step in the ring. Competitors have used two initial launch points; 1) the corner of the ring; or 2) just outside of the corner. In either case, once a competitor takes their first step time will start. Should a competitor delay their start, the following will occur:

- a) The Center Referee shall issue a First Verbal Warning to the Competitor by stating: "PLEASE BEGIN YOUR PERFORMANCE."
- b) If Competitor fails to comply with the Center Official's First Verbal Warning, a Second Verbal Warning shall be given by the Center Official stating: "SECOND WARNING, PLEASE BEGIN YOUR PERFORMANCE." A Second Verbal Warning may result in a .01 deduction, per judge.
- c) All Referees must reach a unanimous decision that the Competitor's failure to enter the Competition Ring unreasonably delayed his/her performance prior to any penalty being assessed.

Each divisional form or weapon routine must be three (3) minutes or less. Four (4) minutes is allowed for each form or weapon routine in Grands divisions. Any competitor, team form or team demo that goes over the allowed time limit is automatically disqualified. At the 2 minutes 45-second mark (3 minutes 45 seconds for overall grands, Demos, Team Forms and Team Weapons) of a competitor's form, the timekeeper will shout out "FIFTEEN SECONDS".

Section VI.04 ORDER OF COMPETITION

Once the final call for the form and weapon divisions and all competitors have been checked in, a shuffle will be done. As per the Relative Ranking Rule, the judges will look at all the competitors before they give their final scores. This rule allows judges to adjust their scores if they feel other competitors that come later are better or worse than the competitors who came first (See *Relative Ranking Rule Sheet*).

If a competitor arrives late (the division is ready to start, but the 1st competitor has not started), the late entry must compete first.

Section VI.05 SCORING RANGES OF FORMS AND WEAPONS

All scoring ranges will be 9.90 – 9.99. Each individual judge will have their determination of who they feel is first, second, third and so on. So when scoring the you would give 9.99 for your first-place competitor, 9.98 will be for your second-place competitor, 9.97 for third-place competitor and 9.96 for fourth place.

Anything after 4th place may be scored between 9.90 and 9.95. Please note that your score may change due to the Maximum Deviation Rule (see [ARTICLE IX](#) Maximum Deviation Rule).

- a) **TIES:** If there is a tie for 1st thru 4th place, the majority of the judge's scores determine the winner. If there is not a majority of judges for one competitor and one judge or more given the same score for the tied competitor, the judge that gave the same scores must be asked to make a decision and break the tie.
- b) All judges must make scoring decisions by giving different scores to the competitors.
- c) Ties for 5th through 8th place are never broken. They will remain tied, and all will receive points and awards. If there is a tie and there is not a majority judge's decision and no judge gave the same score to any one competitor, the tied competitors will compete again and be scored again.

Section VI.06 EQUIPMENT ABUSE

It is the competitor responsibility to not abuse the tournament supplied equipment. Abuse can happen during the normal flow of a match or form routine and is acceptable, i.e., being pushed into a score table. Intentional actions may be penalized. Intentional action may include, but are not limited to the following examples:

- a) Driving/striking downwards with a sword that penetrates the mat.
- b) Throwing any weapon on the mat (placing is acceptable)
- c) Forcibly pushing a bow into a mat

Section VI.07 DROPPING A WEAPON

If a competitor drops his/her weapon **during the eliminations**, they will not be scored and will be disqualified. Under belts will be given the lowest score of 9.90. They are encouraged to complete their form but are not required to continue.

Throwing a Weapon down will be scored, as if the Weapon was dropped.

Competitors who use multiple Weapons may place/toss one of the weapons, or part of the weapon, to the mat, to separate it from the competitor. An example includes a Swords' Sheath. Likewise, a competitor can place their Weapon(s) on the mat at the end of their routine.

Should the tossed weapon leave the competition area (Mat), the competitor can be penalized or disqualified, if the weapon(s) hits another competitor, spectator, or the judges.

Section VI.08 ALTERING A WEAPON

It is the intent, of this rule, to enforce the use of any weapon in its original design, functionally, and capabilities, Alternating the weapon(s) in any matter (excluding tape), including but not limiting to the use of magnetic weapons, will be deemed as altering the weapon and the competitor scores may be lower. The competitors must notify the judges, prior to starting their routine, they are using magnetics.

XV.

Section VI.09 WEAPONS / FORMS BOUNDARY PENALTY

A weapon(s) or any portion of a weapon should not exceed the boundary of the ring, including an imaginary line that goes vertically from the boundary floor line upward. Further, a competitor (weapons and forms competitors) should not exceed the imaginary line.

The intent of this rule is the safety of competitors, spectators, and the judges; also, known as the group. It is not intended to be applied unilaterally; rather in situations where the exceeding of the imaginary boundary could provide a risk to any of the group. For example, the weapon's / competitor exceeds the boundary:

- a) The weapon's competitor goes between or over the group's body or head; or
- b) The weapon's competitor hits anyone, in the group, who is outside of the ring.

The group is defined as – Another Competitor, Spectator, or Judge that is outside the ring area.

Section VI.10 STARTING A FORM OVER

For under belts, if a competitor starts his/her form over because of a memory lapse or any other reason due to his/her own negligence, he/she may perform the form again. Black belts are automatically disqualified.

- a) The officials will score as though there was not a mistake, but a penalty may apply – See Penalty section.
- b) The three-minute time limit will start over.
- c) A competitor can only start over one time for scoring.
- d) If a competitor must start over, not due to his/her negligence (example: someone runs through the ring, disrupting the routine), he/she will not be penalized on the start over.

Section VI.11 FORMS AND WEAPONS PENALTIES

In the Form and Weapon Divisions, all penalties, non-disqualification, are per judge and will be deducted from the offending competitor's final score

Penalties:

- a) Delay of Time - A .01 point. After 3 minutes competitor will be disqualified
- b) Exceeds time limit - Disqualification
- c) Props in divisions - Disqualification
- d) Equipment abuse - .03 per occurrence
- e) Protest penalty – losing the protest
- f) Continuing to protest, after decision has been made
- g) Dropping or throwing a Weapon down:
 - I. In division – Black Belts = Disqualification Under Belts = Penalty of lowest score
- h) Weapons strikes the Group – Disqualification
- i) A portion of a Weapon leaves the ring area (Sword's Sheath or second Weapon);
 - I. Leave the ring area – .02
 - II. Strikes anyone in Group – Disqualification
- j) Altering a Weapon – Competitor scores can be lowered
- k) Boundary Rule – without the request to exceed ring boundary:
 - I. The weapon goes between or over the group's body or head – .05
 - II. The weapon hits anyone, in the group, who is outside of the ring – Disqualification
- l) Starting a Form or Weapon routine over
 - I. 7 – Under: No penalty for one time starting over
 - II. 8 – Over: .05 deduction for one time starting over
 - III. Black Belts: Disqualification
- m) Moves that are illegal for the type of routine (Traditional, Creative, Musical, Extreme) - a downgrade of the form or weapon routine, or upon unanimous vote of the judges, a "no score" as a form inappropriate for the division
- n) Weapon Breaks – separates into 2 or more sections – Disqualification
- o) Weapons Cracks – Does not separate into 2 or more pieces – NOT a penalty. The competitor may have their score lowered, if, in the opinion of the judges, the Crack impacted the execution of the form or the effectiveness of the weapon

Section VI.12 TIE-BREAKER PROCESS

The process for breaking ties follows the same order regardless of the number of judges used for the division or the type of division (eliminations, runoffs, grands). The methodology always follows this order:

- (a) **Majority of judges** – this is the majority of the total number of judges in the division; not based on score but rather on who the judge placed higher (most ties can be broken using this rule)
- (b) **Judge Determines the Winner.** This occurs when a judge gave the same score to the tied competitors. The judge who gave the same score must select a winner. If the judge had to manually adjust his or her score due to the Maximum Deviation Rule, then the judge must select the winner based on the unadjusted score. If the judge gave the same score to the two tied competitors, not as a result of the Maximum Deviation Rule, then the judge(s) must select the winner
- (c) **Total Score** – is applied when judges' scores are added back in (5 or 7 judges). This methodology is used after the majority of judges' method or the requirement on 1 judge who may have given the same score did not break the tie.
- (d) **Re-run the tied competitors** – the re-run would only include the tied competitors who remain tied after applying rules 'a' and 'b'

Article VII. RELATIVE RANKING

Section VII.01 RELATIVE RANKING RULE

The Relative Ranking Rule has replaced the old "score-as-you-go" system in all divisions at all AKA tournaments. Since all competitors run their forms before anyone is scored, this system eliminates the possible disadvantage early running competitors were subject to. In addition, it prevents judges from getting "boxed-in" by giving scores too high early on and eliminates "scoring creep" where judges who start with very low scores gradually raises his/her scores as the divisions progress.

Section VII.02 HOW IT WORKS

For the Relative Ranking Rule to operate properly, all judges must use the scoring worksheets provided in the ring boxes. As each competitor runs their form, they are given a place number relative to the competitor who has already run. (For example, each judge gives the first competitor up a "1" next to his/her name on the worksheet.)

The next competitor gets a "2" if their form is not as good; or if their form is better, they get a "1" and the first competitor gets his "1" changed to a "2". The third competitor then gets a number that grades his form relative to the first two, and so on down the division. When all competitors have run, each judge's Worksheet will have all the competitor's names listed in the order they ran, but with numbers next to their names that reflect their place relative to one another.

EXAMPLE IF FOUR COMPETITORS ARE IN DIVISION

JOHN DOE	II	9.98	2 nd
BOB SMITH	III	9.96	3 rd
KEN BLACK	I	9.99	1 st
LARRY JAY	IIII	9.95	4 th

The Center Judge will then allow up to two minutes for the judges to assign decimal scores to each competitor based on their relative ranking. Each judge decides how high to score his number "1"

competitor – usually a 9.99 – and assigns that score to the top competitor. The number "2" competitor will be scored one-hundredth lower at 9.98. Number "3" will get a score at least one-hundredth lower than the number "2" at 9.97, and number "4" will get a score at least one-hundredth lower than the number "3" at 9.96.

This is done until all the competitors are ranked relative to each other. None of the top four competitors ever receives the same score, and the top four scores a judge gives are only given once. A judge may give the same score to competitors he/she has ranked as "5" or lower, though it is discouraged unless there are many competitors in the division and giving incrementally lower scores would take the lower-ranked competitors to scores that were undeservedly low. (Judges may prefer to use slash marks rather than numbers to rank each competitor: I, II, III, IIII and so on. By using this method, you do not have to mark out or erase as often, you only add slashes.)

Once all judges are ready, the Center Judge will have each competitor step forward as his or her scores are announced, using the Maximum Deviation Rule.

Article VIII. MAXIMUM DEVIATION RULE

Divisions with three officials will use the Maximum Deviation Rule. Since high and low scores are not dropped when three officials are used, the Maximum Deviation Rule has a similar effect of limiting the impact of a judge's score that is significantly higher or lower than the other judge's scores. This prevents a single score from being so high or so low that it controls the placing order.

When a form or other performance is ready to be scored, the center official will say "Ready", then, "Check", at which point the three judges show their score to each other only (not to the competitors or spectators).

The center official will then look at the 3 scores to determine which one is the middle score (for example, a 9.92, 9.96 and a 9.95 – the 9.95 is the middle score. The other 2 scores must be .02 from the middle score. So, in the example, the 9.92 must be upgraded to 9.93.

Other than this mandatory adjustment, a judge may not change his score. If no score is more than .02 higher or lower than the middle score, then there is no adjustment.

After assuring that any necessary adjustment has been made, the Center Official then says, "Score", and the scores to the audience, the competitors, and the scorekeeper as usual.

Article IX. AKA FORMS AND WEAPONS DIVISIONS

Section IX.01 TRADITIONAL

These forms must capture the essence of classic martial arts movements, displaying the traditional techniques, stances, footwork, and weapons. Emphasis is placed on execution of technique, application of technique, balance, speed, power, solid stances, and focus.

Forms may be unmodified or modified from what a system or school considers to be the original version of the form; however, the performance of the following movements will result in a downgrade of the form, or upon unanimous vote of the judges, a "no score" as a form inappropriate for the division:

- a) Movements that involve more than a 360-degree spin

- b) Require the body to be inverted more than parallel to the floor
- c) More than two kicks with the same leg without putting the foot down in between
- d) Front or back flips
- e) Cartwheels
- f) Front or side leg splits
- g) Releases of the weapon other than simple hand switches
- h) Any other gymnastic movements or extreme exhibitions of flexibility or agility with the body or weapon that are deemed in the opinion of the judges to be inappropriate for the division pursuant to the general guidelines set forth here. (EXCEPTION – A Forward Roll and Butterfly Kick are considered legal Traditional Technique.)

Commentary

There has been a great deal of debate among reputable martial artists regarding whether a form or series of moves are outside of the bounds of the Traditional Division. AKA considers any empty hand or weapon form, that is taught as part of a school curriculum, and does not contain movements as described above, a traditional form. Because AKA is a tournament circuit open to all styles and schools (across the nation and around the world) and from which judges are utilized, each competitor must make his or her own decision regarding whether to include movements, which might be objectionable for the Traditional Division. Currently any wushu or kung fu forms which does contain, what is considered extreme moves as mentioned above, must compete within the extreme forms division. If there is something performed in a traditional form or weapon division that is not covered by the above rules, the AKA Rules Officials will make the decisions if a technique is a legal or illegal move.

Section IX.02 CREATIVE

The Creative Division allows forms to include contemporary martial arts techniques that have evolved over the last 30 years. These may be added to a traditional form, or the form may be devised in its entirety by the competitor. The Creative Division was formerly known as the Open Division and before that the American Division.

A form in the Creative Division must **ONLY** include techniques which originate from martial arts and like the Traditional Division, emphasis will be placed on execution of the techniques, application of the techniques, balance, speed, power, solid stances, and focus. Spinning kicks, jump spinning kicks, flying kicks, multiple kicks, splits, weapon twirls, weapon releases, and other creative martial arts techniques are permitted.

Performance of the following movements will result in a downgrade by the judges, or upon unanimous vote of the judges, a "no score" as a form inappropriate for the division:

- a) Movements that involve more than a 360-degree spin
- b) Require the body to be inverted more than parallel to the floor
- c) Are similar to movements found in gymnastics and/or non-martial arts disciplines
- d) Forms that meet the above definition of strictly traditional forms.

Although one creative move qualifies a competitor for the creative divisions, it should be expected that a creative form or weapon routine with multiple creative moves of good quality would prevail as the winner, assuming all other criteria is met.

The following techniques are legal in the Creative Divisions and will be score as any other techniques (power, speed, balance, and proper execution):

- a) Butterfly kick
- b) Forward roll

Commentary

The Creative Division is intended for those competitors who do not wish to compete with a strictly traditional form, and/or do not wish to compete against other participants who execute extreme gymnastic-type movements.

Regarding the Creative Weapons Divisions, it is important to note that any weapons movement shall NOT be a factor in determining whether the weapons form constitutes a Creative or Extreme Form. The determining factor shall be the particular body movements as defined below in the Extreme Divisions.

Consequently, a Creative Weapons competitor is permitted to perform any weapons move (i.e., twirls, releases, spins, etc.), but is not permitted to perform "Extreme" body movements (i.e. flips, 540 and above spins, or any inverted body moves, etc.).

Section IX.03 EXTREME

The Extreme Divisions allow the competitor to perform any movements whether they originate from traditional or contemporary martial arts systems or otherwise. However, (1) at least half of the form must originate from martial arts techniques, and (2) the competitor must execute at least one technique that involves an inverted move or greater than 360-degree spin.

Emphasis is placed on:

- a) the quality of execution of techniques and movements
- b) martial arts skills
- c) balance, speed, and power
- d) the degree of difficulty
- e) showmanship

In addition, only those movements that portray a definite offensive or defensive martial arts purpose, or are included to illustrate extreme flexibility or agility, are allowed. The inclusion of other movements, or the performance of a form or weapon from meeting the criteria above for a Traditional or Creative form, will result in a down-grade by the judges, or upon a unanimous vote of the judges, a "no score" as a form inappropriate for the division.

NOTE - Although one extreme move qualifies a competitor for the extreme divisions, it should be expected that an extreme form or weapon routine with multiple extreme moves of good quality would prevail as the winner, assuming all other criteria is met.

Section IX.04 MUSICAL

The Musical Divisions requires an empty hand form or weapons form to meet all the above criteria for a Traditional, Creative, and Extreme form, and additionally meet the requirements of the "Divisional Music Rule" below.

Section IX.05 DIVISIONAL MUSIC RULE

Music Choreography should be judged as follows:

- a) The movements of the form must be accented by and performed in conjunction with specific beats, notes, or words in the music. Simply performing your form with the same rhythm or cadence of a song is not satisfactory.
- b) If sound effects are added to the music, the form should not solely be choreographed to the added sound effects.
- c) Music and sound effects should appropriately match each other and set the overall mood for each performance.
- d) Overall, all music and sound effects used, must compliment the form, and both the form and music should be judged together and viewed as an overall performance, not simply as a form performed with music playing.

Each competitor must provide a music player of reasonable and non-intrusive size at ringside to play his or her music, and an attendant at the player who must be present at all times during the performance (unless it is advertised that music players will be supplied). As each form begins, a music volume check must be made, during which time the player attendant will look to the center judge for a nod of approval or a signal to lower the volume. Once this volume is set, it may not be increased during the performance of the form.

Commentary: If a competitor chooses to use music in a grand championship division to a form that does not require music, the "Divisional Music Rule" does not apply.

Commentary: If a competitor receives a "no score" decision by the judges because they feel the competitor's form is not appropriate for the division, the competitor is not allowed to redo his/her form or weapon form in that division. It is the responsibility of the competitor to read and understand the rules of the division he/she is competing in before the competition starts.

Section IX.06 GRAND CHAMPIONSHIPS AND OVERALL GRAND CHAMPIONSHIPS

All competitors must compete in any Grand Championship and/or Overall Grand Championship with the style of forms or weapons (not exact form or weapon) they won with in their division (EXAMPLE – A winner of a creative form cannot compete with an extreme form in the grand championships)
